Professional Profile

A multidisciplinary strategic designer and researcher with total **over 5 years of experience** bridging research data and creative execution. Expert in synthesizing complex information into visual narratives, interactive systems, and analytical frameworks for public and digital spaces. Avid learner in LLM and SaaS workflows to enhance research efficiency and strategic decision-making.

Education & Career Interests

Education

Telkom University, Bandung

Bachelor of Design (S.Ds.), Visual Communication Design

Specialization in Design Research Methodology

Career Interests

- Design Strategist / Researcher
- UX Designer & Writer / Narrative Designer
- Creative Planner / Brand Strategist
- Virtual Assistant (digital coordination)

Work Philosophy

"To me, design is not a mere aesthetics; it is how we tell stories. I believe research data provides a solid foundation, but a touch of honest narrative is what allows a work to truly resonate with people. Even when specific subjects are new to me, I am confident that I am an avid learner who will always be ready to adapt and prioritize quality in efficiency."

Core Competencies

Analytical Strategy

Data Synthesis, Pattern Recognition, System Architecture Design

Design Research

Generative Research, Service Design, Qualitative Analysis, Brand Archetyping, Design Thinking

Narrative & Writing

UX Writing, Narrative Design, Strategic Copywriting, Video Scriptwriting, Technical Documentation

Experience Design

Spatial Exhibition Planning, User Journey Mapping, Human-Space Interaction

Technical & AI

Adobe Creative Suite, Figma, Project Management, Virtual Assistance, AI-Automation

Professional Experience

Strategic Researcher & Concept Designer

2020 – Present • Lab Division (Tujusemesta)

- **Ourchetype Exhibition & Lab:** Interactive exhibition based on Jungian psychology — **Good Design Indonesia 2023**
- **Strategic Communication:** Content strategies for Bank Mandiri (Active Mandirian) and Disperkim
- **Kluk Branding:** Brand identity building and communication planning

Content Writer & Narrative Specialist

2022 – Present • Mainly collaborative projects:

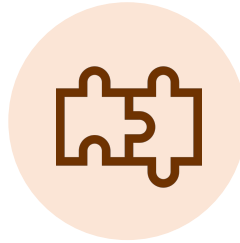

- **Pustaka Cita (Grey Art Gallery):** Script connecting historical memory with contemporary aesthetics
- **MYCL: We The Future:** Spatial content and brand narratives
- **Mātrā Cita Exhibition:** Experience design concept for Bandung Design Biennale journey system
- **Econovation & PUPR Payakumbuh:** Storytelling scripts for sustainability and policy socialization

Project Scope

01. Research & Strategy
02. Branding & Rebranding
03. Script for Animation and Campaign Video
04. Campaign Concept
05. Brand Voice and Tone
06. Content for Social Media & Museum
07. Collaboration Projects

Conducting research for the development needs of a product aimed at the export market, through secondary research and sampling. Also providing strategic recommendations for future development.

On-the-go Packaging Trends

Day by day, people's activities are becoming more intense and dynamic, following the rapid growth of industry. In carrying out these activities, the need for food as an energy source has also become more random, without a fixed pattern. The changing habits and lifestyles of individuals lead to differences in the level of convenience and practicality of packaging. This drives the development of products with flexible packaging for various situations.

Visual Packaging

Building a brand concept through research, interviews, and sampling, while also providing recommendations that differentiate within the existing beauty clinic industry through touchpoints and the customer journey.

Aesence – Skin Clinic

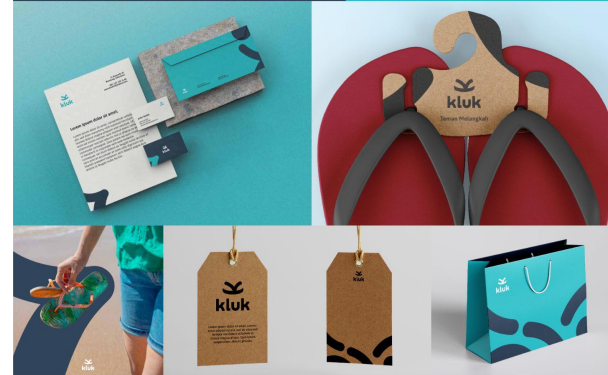

Cultivating the name, its keywords, and how the emotional qualities derived from its brand essence.

Serving the concept as the guide for designers to elaborate, translating it into a compelling visuals.

Lively
Versatile

Langkah awal yang dilakukan Hastings adalah dengan menerapkan prinsip transparansi bagi seluruh karyawannya.

Di Netflix, bertukar pikiran secara terbuka adalah hal yang menunjukkan kesungguhan dalam bekerja dan mengembangkan diri.

"At Netflix, it is tantamount to being disloyal to the company if you fail to speak up when you disagree with a colleague or have feedback that could be helpful."

-Erin Meyer, No Rules Rules: Netflix and the Culture of Reinvention.

Growth Mindset is the Key

Di Spotify, Daniel mengedepankan pendekatan yang aktif untuk karyawannya.

Dengan membentuk tim berupa mission-focused Squads, yang berfokus untuk setiap project, anggota tim Squads berkesempatan dengan bebas untuk bertukar project dengan tim Squads lainnya dan menciptakan inovasi yang unik di setiap waktunya.

Dengan menciptakan lingkungan kerja yang agile, memungkinkan tim di Spotify untuk berkembang secara individual.

"We're staying steady with our long-term goal. We never said that it would be a linear path to get there."

-Daniel Ek, CNBC interview

As part of a Lab Division, I was involved in developing concepts and systems for collaborative projects with a cross-disciplinary contextual approach, one of which is Ourchetype.

Ourchetype

From the very beginning, Ourchetype started as an exploration of “design” for interactive exhibitions. After appearing in several public spaces by combining concepts of psychology and design closely tied to everyday life, Ourchetype brought together individuals and groups connected through shared commonalities. These commonalities ultimately supported the creation of Ourchetype’s thematic collaborations across disciplines.

In its current journey, Ourchetype has evolved not only into a space for interaction, but also into a method that opens collaborative opportunities for individuals or groups who grow with shared hopes and desires to connect.

Thank You.
